This license includes the right to enforce the rights granted by this license against third parties and to sublicense such rights.

Supplemental Materials

With respect to Supplemental Materials that I wish to make accessible through a link in the Article or on a site or through a service of the Journal, the Journal shall be entitled to publish, post, reformat, index, archive, make available and link to such Supplemental Materials on a non-exclusive basis in all forms and media (whether now known or later developed), and permit others to do so.
